

7th grade Lesson 1 (Pre-Visit) More Than Math North Carolina Curriculum Alignment

North Carolina Standard Course of Study Seventh Grade Mathematics	Was It As Close As That?	Linear Perspective	One Point Perspective
Standards for Mathematical Practice			
1. Make sense of problems and persevere in solving them.		X	X
2. Reason abstractly and quantitatively.	X	X	X
3. Construct viable arguments and critique the reasoning of others	X		
4. Model with mathematics.			X
5. Use appropriate tools strategically.			X
6. Attend to precision.			
7. Look for and make use of structure.			X
8. Look for and express regularity in repeated reasoning.			
Standards for Geometry			
Draw, construct, and describe geometrical figures and describe the relationships between them.			
NC.7.G.2 Understand the characteristics of angles and side lengths that create a unique triangle, more than one triangle or no triangle. Build triangles from three measures of angles and/or sides.		X	X
